

OPUS LUBRICANTS PRODUCT DATA

FAME TWO STROKE OIL

Description

Opus Fame Two Stroke is a Semi Synthetic Two Stroke Oil, specially formulated using the latest in synthetic and mineral base stocks, along with the latest additive technology to meet the demand of high performance Motor Cycles, Chainsaws, Strimmers, Blowers and most other air cooled two stroke engines.

Benefits

- Ultra low smoke formulation
- Highly durable formulation
- Protection against piston and cylinder scuffing
- Prevents pre-ignition and power loss by reducing unwanted combustion chamber deposits
- Reduces exhaust blockage contaminants
- High film strength for ultimate engine protection

Applications

Opus Fame Two Stroke is principally designed for use in medium to high output motorcycles but can be used in a variety of other two stroke applications such as mopeds, motor scooters and chainsaws. It is suitable for pre-mix and oil injection systems.

Always refer to the vehicle/equipment handbook for mixing ratios.

Performance Levels

- API: TC
- JASO: FD
- ISO: EGD

Typical Data

Appearance	Red
Specific Gravity @ 15.6°C	0.871
Kinematic Viscosity @ 100°C, cSt	8.2
Flash Point, °C	94

Health & Safety

Please refer to the relevant health and safety data sheet, a copy of which is freely available to all of our customers.
